

## CONGRESSIONAL BUDGET OFFICE COST ESTIMATE

May 6, 2008

### **H.R. 5618**

### **National Sea Grant College Program Amendments Act of 2008**

*As ordered reported by the House Committee on Natural Resources on April 30, 2008*

#### **SUMMARY**

H.R. 5618 would authorize funding for the national sea grant program, which is administered by the National Oceanic and Atmospheric Administration (NOAA). Assuming appropriation of the authorized amounts, CBO estimates that spending for the program from those appropriations would total \$316 million over the 2009-2013 period, in addition to \$51 million from funding provided in previous years. An additional \$182 million would be spent after 2013, including \$100 million authorized to be appropriated for 2014. Enacting H.R. 5618 would not affect direct spending or revenues.

The bill contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act (UMRA) and would impose no costs on state, local, or tribal governments.

#### **ESTIMATED COST TO THE FEDERAL GOVERNMENT**

The estimated budgetary impact of H.R. 5618 is shown in the following table. The costs of this legislation fall within budget function 300 (natural resources and environment).

	By Fiscal Year, in Millions of Dollars					
	2008	2009	2010	2011	2012	2013
Spending for Sea Grants Under Current Law

Authorization Level <sup>a</sup>	57	66	73	80	86	93
Estimated Outlays	55	60	66	74	80	87

a. The 2008 level is the amount appropriated for that year for the sea grants program.

## BASIS OF ESTIMATE

H.R. 5618 would authorize the appropriation of \$498 million, including \$398 million over the 2009-2013 period and \$100 million for fiscal year 2014, for the national sea grant program. Those amounts are used by NOAA for grants, fellowships, and related administrative functions under the program. For this estimate, CBO assumes that all amounts authorized by H.R. 5618 will be appropriated by the start of each fiscal year and that outlays will follow historical spending patterns for the sea grants program.

## INTERGOVERNMENTAL AND PRIVATE-SECTOR IMPACT

H.R. 5618 contains no intergovernmental or private-sector mandates as defined in UMRA and would impose no costs on state, local, or tribal governments. The bill would benefit public universities by reauthorizing the national sea grant program, which provides grants to institutions of higher education. Any costs that state, local, or tribal governments might incur, including providing matching funds, would result from complying with conditions of aid.
